SUBJECT No. 146.

Settlers in Malnad Parts.

Messrs. C. Vamana Rao, N. Subba Rao, and M. Subbanna, Nagar Taluk.

Summary of discussion.—Introducing settlers to the malnad from maidan parts of the State causes harm to the malnad. The coolies that come and work in the malnad for 10 months in the year from North and South Canara and also from Malabar, if induced to settle here will be of much service to and in the malnad, as their agricultural methods correspond to those of malnad raiyats.

Reply of Government.—The suggestion is noted. If Mysore people do not go to settle, this may be tried.
